HELPING YOU GET YOUR FINANCES UNDER CONTROL

HOW DO WE HELP?

When you contact us, we will talk through your finances together and review your income and expenditure. This will be a no-pressure conversation and our advisers will be happy to explain everything along the way.

Once we have taken details of your incomings, outgoings and debt level, we will have a good understanding of the disposable income you have to pay towards your debts. We will then discuss the options available so you can decide on the debt solution that is best for you.

What are the benefits of our advice?

- Reduced money worries
- Help towards a debt-free future
- Potential of reduced creditor calls when in a debt solution
- Confidential advice
- Friendly, non-judgemental advisers
- Tailored debt solutions
- Secure online account management if you enter a plan with us

DEBT SOLUTIONS

We offer free and confidential advice and we will find a solution that is tailored towards your needs.

Everyone is different and we will work hard to get you on the path towards a debt-free future as soon as possible.

The debt solutions we advise on include:

Individual Voluntary Arrangement (IVA)

Make single, affordable monthly repayments to your creditors over 5-6 years, and write-off the remaining debt.

Self-employed IVA

Write-off some of your debt through single, affordable monthly payments over a term of 5-6 years, whilst still running your business.

Full & Final IVA

Settle your debts by making a one-off payment that is shared between your creditors, and write-off any remaining debt.

Debt Management Plan (DMP)

Repay your debts through a single, affordable, monthly repayment in an informal agreement with your creditors.

Bankruptcy

Bankruptcy is a form of insolvency and is normally only suitable if you can't pay back your debts in a reasonable time.

Debt Relief Order

Freeze repayments and write off some debts after an agreed period if you cannot afford to pay them back.

Administration Order

A formal agreement with your creditors that is approved by the court, for anyone with debts up to £5,000.

Repayment Arrangement

Make an informal arrangement with your creditors to repay unsecured debts at a rate you can afford.

Debt Settlement

Agree a one-off payment with your creditors to settle some or all of your debts.

Trust Deeds
